

Sometimes at night I have to stop work when I get that chill up my spine, and I start wondering what's behind me... Too bad, because nighttime is one of my most productive times. I tend to not go to the bathroom either.

Story & Art by **Yoshiyuki Nishi**

# Dramatis Personae

Jiro Kusano (Roji)

Assistant at Muhyo's office, recently promoted from the lowest rank of "Second Clerk" to that of provisional "First Clerk." Roji has a gentle heart and has been known to freak out in the presence of spirits. Lately, he has been devoting himself to the study of magic law so that he can pull his own weight someday.

Toru Muhyo (Muhyo)

Young, genius magic law practitioner with the highest rank of "Executor." Always calm and collected (though sometimes considered cold). Muhyo possesses a strong sense of justice and even has a kind side. Sleeps a lot to recover from the exhaustion caused by his practice.

Yu Abiko (Biko)

Muhyo's classmate and an Artificer. Makes seals, pens, magic law books, and other accoutrements of magic law.

Yoichi Himukai (Yoichi)

Judge and Muhyo's former classmate. Expert practitioner of all magic law except execution.

Kio Kurofort (Kio)

Charismatic Artificer who turned traitor when the Magic Law Association voted by and let her mother die.

Sorabugu Madoka (Enchei)

Muhyo's former classmate and Executor-hopeful until one event turned him off to the traitor's path.

The Seven Lords

Page resigned his own life to achieve this story in the fight against Isaki.

Isaki

Unsettled magic law practitioners who have formed an army to oppose even the best practices of magic to kill Isaki.

Page Kikaku

Chief investigator for the Magic Law Association. With a look, and Mithras, one of Kikaku's former partners.

Savage-Faced Dog

An enemy with the ability to change their location at will using special senses.

Death of the Sunflower

First clerk and investigator assigned to this case, enemy force member called "Thymus." "Unlikely" is a common name for him.

Harmed Sunflower

Excluded and one of the only practitioners in the world capable of "human magic law."

## The Story

Magic law is a newly established practice for judging and punishing the increasing crimes committed by spirits, those who use it are called "practitioners."

On the way to the Wasting Vale, base of the forbidden magic law practitioners, our heroes run afoul of Ark, and in the ensuing fray Judge Imai is kidnapped! What's more, Mithras's book of magic law is rusted. The team joins up with Executor Banajima, hoping to use her remote magic law for a rescue mission into the Vale. Meanwhile, Page and Yachi battle Isaki, the only enemy that knows how to defeat Isaki. The battle turns sour and Page is forced to invoke the Bells of Troy, enabling him to wage not only his tempering but his flesh and blood as well to fend an enemy to him. The rules of magic law have been changed...

Kikaku Imai

Brave judge, who used Mithras and going during the fight against their Rapper Sages.

Isaki

Violence on the forbidden magic law group known as Ark. A forbidden man who would go on to abandon a loved, to kill Isaki.

Isaki

Unsettled enemy, involved in a mission to the Magic Law Association 1000 years ago.
